ALLIED ACES WILL FLY FOR NEW LOAN

Demonstrations of "how the aces acted above the firing lines" will be given in approximately fifty cities during the Victory loan campaign.

Three flying circuses have been obtained from the French, English and American war offices by Frank R. Wilson, director of war loan publicity. Wilson has announced that fourteen German Fokker planes have arrived in America and will be ready for the allied aces when the campaign opens.

"I regard it as the greatest flying program the United States ever has witnessed," Wilson said. "Each circus will have its quota of the celebrated aerial fighters, and I can promise the folks at home they will see some real stunts. Eight Englishmen and six Frenchmen are coming to aid in floating the loan. One of them has a record of seventy-three German machines shot down behind the allied lines."

Will Begin April 10.

The flying tours will begin April 10 in three sections of the country. The Eastern tour will start at Minneapolis, N. Y.; the middle-western section will give its first exhibition at New Orleans, and the Western tour will start from San Diego, Cal. Each squadron will travel in a special train, giving a show daily and enroute for the next town immediately after the exhibition.

The general program to be followed in each city visited will be as follows: Two American scout planes will rise to drop Victory loan literature over the city. Four German planes will then attack these two American planes in the air. Four American planes will drive off the German planes, and the flyers will demonstrate aerial acrobatics. Parades will precede the flights. Citizens will be able to see the machines unloaded and set up in the morning and knocked down again for shipment after the flights.

Schedule of Tours.

The schedule of the tours follow: Eastern squadron—New York, Philadelphia, Washington, Richmond, Va.; Charleston, S. C.; Savannah, Ga.; Jacksonville, Fla.; Atlanta, Ga.; Birmingham, Ala.; Nashville, Tenn.; Louisville, Ky.; Lexington, Ky.; Cincinnati, Ohio; Indianapolis, Ind.; Toledo, Ohio; Detroit, Mich.; Cleveland, Ohio; Pittsburgh, Pa.; Buffalo, N. Treasury officials today denied there was danger of suspending work of the War Risk Insurance Bureau through lack of funds.

The Congressional filibuster, it was explained, had cut out emergency

funds which the bureau expected to have available.
